INDEPENDENT AUDITORS' REPORT

To the Members of Eastern Ontario Regional Laboratory Association Inc.

To the Board of Governors of Trustees/Board of Directors of the Eastern Ontario Regional Laboratory Association

Opinion

We have audited the financial statements of the Eastern Ontario Regional Laboratory Association, which comprise:

- the statement of financial position as at March 31, 2022
- the statement of operations for the year then ended
- the statement of changes in net assets for the year then ended
- the statement of cash flows for the year then ended
- and notes to the financial statements, including a summary of significant accounting policies

(Hereinafter referred to as the “financial statements”).

In our opinion, the accompanying financial statements, present fairly, in all material respects, the financial position of the Eastern Ontario Regional Laboratory Association as at March 31, 2022 and its results of operations, its changes in net assets and its cash flows for the year then ended in accordance with Canadian public sector accounting standards.

Basis for Opinion

We conducted our audit in accordance with Canadian generally accepted auditing standards. Our responsibilities under those standards are further described in the “***Auditors’ Responsibilities for the Audit of the Financial Statements***” section of our auditors’ report.

We are independent of the Eastern Ontario Regional Laboratory Association in accordance with the ethical requirements that are relevant to our audit of the financial statements in Canada and we have fulfilled our other responsibilities in accordance with these requirements.

Page 2

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with Canadian accounting standards for not-for-profit organizations, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Eastern Ontario Regional Laboratory Association's ability to continue as a going concern, disclosing as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Eastern Ontario Regional Laboratory Association or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Eastern Ontario Regional Laboratory Association's financial reporting process.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion.

Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Canadian generally accepted auditing standards will always detect a material misstatement when it exists.

Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the financial statements.

As part of an audit in accordance with Canadian generally accepted auditing standards, we exercise professional judgment and maintain professional skepticism throughout the audit.

We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion.

Page 3

The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Eastern Ontario Regional Laboratory Association's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Entity's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Eastern Ontario Regional Laboratory Association to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

EASTERN ONTARIO REGIONAL LABORATORY ASSOCIATION INC.

Notes to Financial Statements

Year ended March 31, 2022

Eastern Ontario Regional Laboratory Association Inc. ("EORLA") was incorporated on April 15, 2003, as a shared services corporation without share capital. The member hospitals voluntarily joined EORLA to foster continued and increased cooperation between members and to support the integration of laboratory service in the region. EORLA is an integrated hospital laboratory network with sixteen acute care hospital facilities having on-site laboratories configured to meet program needs while referring specialized services to regional laboratory sites.

These financial statements reflect the assets and liabilities and results of operations of EORLA. They do not include the assets, liabilities or operations of its member hospitals, which, although associated, are separately managed, and report to separate Boards of Directors. Note 2 provides details on related party transactions.

1. Significant accounting policies:

The financial statements have been prepared by management in accordance with the Canadian public sector accounting standards including the 4200 standards for government not-for-profit organizations and include the following significant accounting policies:

(a) Revenue recognition:

EORLA follows the deferral method of accounting for contributions for not-for-profit organizations.

Operating grants are recorded as revenue in the period to which they relate. Where a portion of a grant relates to a future period, it is deferred and recognized in that subsequent period.

Unrestricted contributions are recognized as revenue when received or receivable if the amount to be received can be reasonably estimated and collection is reasonably assured.

Externally restricted contributions are recognized as revenue in the year in which the related expenses are incurred. Contributions restricted for the purchase of capital assets are deferred and amortized into revenue on a straight-line basis, at rates corresponding with the amortization rates for the related capital assets.

Revenue derived from laboratory services are recognized when services are rendered.

EASTERN ONTARIO REGIONAL LABORATORY ASSOCIATION INC.

Notes to Financial Statements (continued)

Year ended March 31, 2022

1. Significant accounting policies (continued):

(b) Financial instruments:

EORLA's financial instruments consist of cash, accounts receivable and accounts payable and accrued liabilities.

EORLA's financial instruments are measured as follows:

Cash	Fair value
Due from member hospitals	Amortized cost
Taxes recoverable	Amortized cost
Other receivables	Amortized cost
Funds held in trust	Fair value
Accounts payable and accrued liabilities	Amortized cost
Due to The Ottawa Hospital – operations	Amortized cost
Due to The Ottawa Hospital – capital	Amortized cost
Due to member hospitals	Amortized cost

Unrealized changes in fair value are recognized in the statement of remeasurement gains and losses until they are realized. When the financial instrument is derecognized, the unrealized gains and losses previously recognized in the statement as remeasurement gains and losses are reversed and recognized in the statement of operations. Unrealized changes in the fair value of the financial asset of Funds held in trust is recorded in the corresponding liability.

Financial instruments are adjusted by transaction costs incurred on acquisition and financing costs, which are amortized using the straight-line method.

All financial assets are assessed for impairment on an annual basis. When a decline is determined to be other than temporary, the amount of the loss is reported in the statement of operations and any unrealized gain is adjusted through the statement of remeasurement gains and losses.

EORLA does not have any amounts to record on the statement of remeasurement gains and losses and therefore this statement has not been included in these financial statements.

(c) Prepaid occupancy costs:

Prepaid occupancy costs are amortized on a straight-line basis over 40 years.

(d) Capital assets:

Purchased capital assets, other than minor equipment, are recorded at cost. Minor equipment replacements are expensed in the year of replacement. Computer hardware and software under development and construction in progress are capitalized until placed in service, at which point they will be amortized.

EASTERN ONTARIO REGIONAL LABORATORY ASSOCIATION INC.

Notes to Financial Statements (continued)

Year ended March 31, 2022

1. Significant accounting policies (continued):

(d) Capital assets (continued):

Capital assets are reviewed for impairment whenever events or changes in circumstances indicate that their carrying amount may not be recoverable. When a capital asset no longer contributes to EORLA's ability to provide services, its carrying amount is written down to its residual value.

Construction in progress is not amortized until the project is complete and the assets come into use. Capital assets are amortized on a straight-line basis over their expected useful lives as follows, other than instruments purchased for performing COVID-19 tests, which are amortized over a 2-year useful life.

Computer hardware and software	5 to 10 years
Major equipment	5 to 10 years
Lab renovation	20 years

(e) Employee future benefits:

EORLA provides defined retirement and other future benefits for substantially all retirees and employees. These future benefits include life insurance and health care benefits.

EORLA accrues its obligations for employee benefit plans as the employees render the services necessary to earn the benefits. The cost of non-pension post-retirement and post-employment benefits earned by employees is actuarially determined using the projected benefit method pro-rated on service and management's best estimate of retirement ages of employees and expected health care costs.

Adjustments arising from plan amendments, including past service costs, are recognized in the year that the plan amendments occur. Actuarial gains or losses are amortized over the average remaining service period of active employees.

The average remaining service period of active employees covered by the employee benefit plan is 12.0 years (2021 - 12.0 years).

EORLA is an employer member of the Healthcare of Ontario Pension Plan, which is a multi-employer, defined benefit pension plan. EORLA has adopted defined contribution plan accounting principles for this Plan because insufficient information is available to apply defined benefit plan accounting principles.

EASTERN ONTARIO REGIONAL LABORATORY ASSOCIATION INC.

Notes to Financial Statements (continued)

Year ended March 31, 2022

1. Significant accounting policies (continued):

(f) Funds held in trust:

EORLA holds resources and makes disbursements on behalf of certain third party groups. EORLA has no discretion over such transactions; hence, resources received are reported as liabilities, not revenue, and subsequent distributions are reported as decreases to the liability, not expenses.

(g) Use of estimates:

The preparation of these financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the period. Actual results could differ from these estimates. These estimates are reviewed annually and, as adjustments become necessary, they are reported in the periods in which they become known. The most significant estimates used in preparing these financial statements include the assumptions underlying the employee future benefit liability

2. Related party transactions:

The Ottawa Hospital entered into an agreement with the Ministry of Health of Ontario (previously Ministry of Health and Long-Term Care of Ontario) to construct a regional laboratory, including investment in capital equipment. The Ottawa Hospital completed the project in September 2006 at a total cost of \$25,375,812. EORLA's share of the project's total cost was \$7,833,777 and is accounted for as prepaid occupancy costs. In return for this capital investment, EORLA is permitted to occupy the premises at The Ottawa Hospital, General Campus, under the provisions set out in the related agreements. The accumulated amortization as at March 31, 2022 is \$2,937,457 (2021 - \$2,741,557).

The amount due to The Ottawa Hospital - capital, bears interest at prime and is payable on demand.

EORLA is related to all member hospitals due to the composition of its Board of Directors. Unless otherwise stated, transactions occur in the normal course of operations and are recorded at fair value.

Medical laboratory services are invoiced to member hospitals at pre-established rates.

The long-term receivable from members is non-interest bearing with no fixed terms of repayment.

The amount due to The Ottawa Hospital – operations, bears interest at a rate of 3.1% (2021 - 3.1%) with no fixed term of repayment.

EASTERN ONTARIO REGIONAL LABORATORY ASSOCIATION INC.

Notes to Financial Statements (continued)

Year ended March 31, 2022

2. Related party transactions (continued):

Billing adjustment and member assessment:

Effective March 31, 2016, EORLA entered into an agreement with one of its members to repay \$4,330,470 related to the billing adjustment over a five-year period. The amount bears interest at prime minus 0.25% and requires EORLA to make annual principal payments of \$866,094. The balance due to the member hospital as at March 31, 2022 is \$Nil (2021 - \$866,094).

3. Capital assets:

	Cost	Accumulated amortization	2022 Net book value	2021 Net book value
Computer hardware and software	\$ 18,434,465	\$ 17,069,476	\$ 1,364,989	\$ 2,729,982
Equipment	29,246,587	19,093,554	10,153,033	12,640,797
Lab renovation	2,445,061	579,484	1,865,577	1,146,486
Construction in progress	533,298	–	533,298	462,488
	\$ 50,659,411	\$ 36,742,514	\$ 13,916,897	\$ 16,979,753

Cost and accumulated amortization of capital assets at March 31, 2021 amounted to \$47,540,093 and \$30,560,340, respectively.

4. Funds held in trust:

Funds held in trust are held in EORLA's bank account and represent education funds held in trust for third parties (employees).

5. Deferred revenue:

	Balance, beginning of year	Funds/ interest received	Funds used	Balance, end of year
EORLA Operation Education	\$ 37,483	\$ –	\$ 547	\$ 36,936
Other	377,225	85,951	329,225	133,951
	\$ 414,708	\$ 85,951	\$ 329,772	\$ 170,887

EASTERN ONTARIO REGIONAL LABORATORY ASSOCIATION INC.

Notes to Financial Statements (continued)

Year ended March 31, 2022

6. Employee future benefits:

(a) Non-pension benefits:

EORLA offers a defined benefit plan which provides extended health care and dental insurance benefits to certain of its employees and extends this coverage to the post-retirement period. The most recent actuarial valuation of employee future benefits was completed as at March 31, 2022. As at March 31, 2022, EORLA's liability associated with the benefit plan is as follows:

	2022	2021
Accrued benefit obligation	\$ 4,133,027	\$ 4,404,700
Unamortized experience gains	1,132,973	717,300
Employee future benefit liability	\$ 5,266,000	\$ 5,122,000

EORLA's defined benefit plan is not funded, resulting in a plan deficit equal to the accrued benefit obligation. The significant actuarial assumptions adopted in estimating EORLA's accrued benefit obligation are as follows:

	2022	2021
Discount rate to determine accrued benefit obligation	3.89%	3.21%
Dental cost increases	3.75%	3.50%
Extended health care cost escalations	5.75%	7.50%
Expected average remaining service life of employees	12.0 years	12.0 years

The employee future benefit liability change for the year ended March 31, 2022 is \$144,000 (2021 - \$168,200). This amount is comprised of:

	2022	2021
Current service cost	\$ 237,700	\$ 247,300
Amortization experience gains	(64,000)	(47,700)
Benefit payments	(172,100)	(176,700)
Interest on accrued benefit obligation	142,400	145,300
	\$ 144,000	\$ 168,200

EASTERN ONTARIO REGIONAL LABORATORY ASSOCIATION INC.

Notes to Financial Statements (continued)

Year ended March 31, 2022

6. Employee future benefits (continued):

(b) Pension:

Substantially all of the employees of EORLA are members of the Healthcare of Ontario Pension Plan (the "Plan"), which is a multi-employer defined benefit pension plan available to all eligible employees of the participating members of the Ontario Hospital Association. Contributions to the Plan made during the year by EORLA on behalf of its employees amounted to \$5,757,413 (2021 - \$5,672,841) and are included in the statement of operations.

In consultation with its actuaries, pension expense is based on Plan management's best estimates of the amount required to provide a high level of assurance that benefits will be fully represented by fund assets at retirement, as provided by the Plan. The funding objective is for employer contributions to the Plan to remain a constant percentage of employees' contributions.

Variations between actuarial funding estimates and actual experience may be material and any differences are generally to be funded by the participating members. The most recent triennial actuarial valuation of the Plan as at December 31, 2021 indicates the plan is fully-funded.

7. Deferred capital contributions:

	Balance, beginning of year	Contributions /returned	Amortization	Balance, end of year
eHealth - OLIS funding	\$ 2,648,194	\$ –	\$ 1,364,991	\$ 1,283,203
Microscope	16,417	–	–	16,417
MOH COVID-19 capital funding	5,510,817	3,317,642	1,098,015	1,095,160
	<u>\$ 8,175,428</u>	<u>\$ 3,317,642</u>	<u>\$ 2,463,006</u>	<u>\$ 2,394,780</u>

EASTERN ONTARIO REGIONAL LABORATORY ASSOCIATION INC.

Notes to Financial Statements (continued)

Year ended March 31, 2022

8. Bank indebtedness:

EORLA has an available line of credit of \$10,000,000 with its corporate bankers, of which no amount was drawn against at March 31, 2022 (2021 - \$Nil). This line of credit is unsecured and bears interest at prime less 0.25%.

9. Financial instruments:

Establishing fair value:

The following classification system is used to describe the basis of the inputs used to measure the fair values of financial instruments in the fair value measurement category:

Level 1 – Unadjusted quoted market prices in active markets for identical assets or liabilities;

Level 2 – Observable or corroborated inputs, other than Level 1, such as quoted prices for similar assets or liabilities in inactive markets or market data for substantially the full term of the assets or liabilities; and

Level 3 – Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of these assets and liabilities.

Cash and funds held in trust are a Level 1 hierarchy. There have been no movements between levels during the year.

Risk management:

EORLA is exposed to various financial risks through its transactions in financial instruments.

Credit risk:

Credit risk relates to the potential that one party to a financial instrument will fail to discharge an obligation and incurs a financial loss. EORLA is exposed to credit risk on its accounts receivable. Management does not believe it is exposed to any significant credit risk due to the nature of the counterparties of its receivables.

Liquidity risk:

Liquidity risk is the risk EORLA will not be able to meet its financial obligations when they come due. EORLA manages its liquidity risk by forecasting cash flows from operations and anticipating investing and financing activities and maintaining credit facilities to ensure it has sufficient available funds to meet current and foreseeable financial requirements.

EASTERN ONTARIO REGIONAL LABORATORY ASSOCIATION INC.

Notes to Financial Statements (continued)

Year ended March 31, 2022

9. Financial instruments (continued):

Market risk:

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of market factors. Market factors include three types of risk: interest rate risk, currency risk and other price risk.

EORLA believes it is not subject to significant interest rate, foreign currency or other price risks arising from its financial instruments.

There have been no significant changes from the previous year in the exposure to risk on policies, procedures and methods used to measure credit risk.

10. Contingencies:

The nature of EORLA's activities are such that there may be litigation pending or in prospect at any time. With respect to claims as at March 31, 2022, management believes EORLA has valid defenses and appropriate insurance coverage in place. In the event any claims are successful, management believes that such claims are not expected to have a material effect on EORLA's financial position.

A group of healthcare organizations formed the Healthcare Insurance Reciprocal of Canada ("HIROC"), of which EORLA is a member. HIROC is registered as a Reciprocal pursuant to provincial Insurance Acts which permit persons to exchange with other persons reciprocal contracts of indemnity insurance. HIROC facilitates the provision of liability insurance coverage to healthcare organizations in the provinces and territories where it is licensed. Subscribers pay annual premiums, which are actuarially determined, and are subject to assessment for losses in excess of such premiums, if any, experienced by the group of subscribers for the year in which they were a subscriber. No such assessments have been made to March 31, 2022.

11. Comparative information:

Certain 2021 comparative information has been reclassified to conform with the financial statement presentation adopted for 2022.

EASTERN ONTARIO REGIONAL LABORATORY ASSOCIATION INC.

Notes to Financial Statements (continued)

Year ended March 31, 2022

12. Impact of Coronavirus COVID-19 pandemic:

In March of 2020, the COVID-19 outbreak was declared a pandemic by the World Health Organization and has had a significant financial, market and societal impacts.

Management has been forthright in undertaking certain strategies and actions to respond to the COVID-19 outbreak. The health and safety of all staff has been reinforced as the priority for EORLA. Management has taken the following actions:

- implemented work-from-home requirements for employees, suspended travel and events, shifted face-to-face meetings to digital methods.

Financial statements are required to be adjusted for events occurring between the date of the financial statements and the date of the auditors' report which provide additional evidence relating to conditions that existed at year-end. Management has assessed the financial impacts and there are no additional adjustments required to the financial statements at this time.

The ultimate duration and magnitude of the pandemic's impact on EORLA's operations and financial position is not known at this time. These impacts could include a decline in future cash flows, changes to the value of assets and the liabilities and changes the use of accumulated net assets to sustain operations. An estimate of the future financial effect of this pandemic is not predictable at this time.
