To whom it may concern:

Re: Discontinuation of EORLA Pathology Report Paper Mailings

The Ottawa Hospital has recently grown its "Atlas Alliance" partnerships creating a larger digital health network. This has increased the availability of viewing results electronically via EPIC, MyChart, OLIS, EpicCare Link and Clinical Viewer. Currently The Ottawa Hospital continues to promote the Connecting Ontario Clinical Viewer as the preferred access to clinical information for healthcare providers. Please visit www.eorla.ca/resources for further information on how to access results electronically. **Therefore, the decision to discontinue the current Canada Post mail out of EORLA Pathology Laboratory reports will become effective September 30, 2023.**

We are happy to continue with an auto-faxed report if you wish to receive Pathology Reports on your patients via secure fax. If so, please complete the attached form as soon as possible and return it to the fax number provided on the form. If you have more than one physician at your clinic/office location, kindly list them as well.

Once the completed form has been received at our office, an automated test report will be sent to the fax number listed on the form to verify that the fax machine is compatible with the Laboratory Information System. When the test report, accompanied by a cover sheet has been received at your location, **please fax both back immediately** to the number provided and we will proceed to add your fax station to our database.

Should you have any questions or require additional information, please do not hesitate to contact the undersigned.

Sincerely

Harman Sekhon, MD, MSc, PhD, FCAP

Chief, Division of Anatomic Pathology, The Ottawa Hospital
Regional Head and Director of Anatomic Pathology, Eastern Ontario Regional Laboratory Association (EORLA)
Regional Cancer Pathology Lead, Cancer Care Ontario (CCO)
